## Northern Region Lodging

## What to Expect

### Weather

Utah's weather is as diverse as its geography. The Northern mountain ranges may receive up to 500 inches of snow in the winter, while the southern canyons can reach over 100 degrees in the summer. Utah has four distinct seasons, but be sure to plan for the unpredictable extremes. It is wise to layer your clothing and always carry water.

### Smoking Laws:

Utah's Indoor Clean Air Act protects the public in both private and public areas of congregation.

### Liquor Laws:

Packaged liquors, beer and wine can be purchased at State Liquor Stores, or "3.2 beer" (percentage of alcohol by weight) at grocery and convenience stores.
